Nice To Meet You

Hi, I'm Gabrielle. I'm a computer science co-op student with a 90.28 GPA who programs and manages team projects. I have worked with various programming languages, but with each there is a common theme: I have a strong attention to detail, I can multitask well, I am always ready to problem solve, and I strive to learn new things along the way.

Experience & Relevant Courses

Database Management Systems

- I established my skills in SQL by creating a database

Fundamentals of Project Management

- I gained tools to manage projects such as SCRUM, Agile Development, and Gantt charts with a group project

Web Applications Development

- I created visually pleasing and functional webpages with HTML, CSS, PHP, and JavaScript

Data Structures and Algorithms

- I strengthened my C# programming and problem-solving skills by creating code to solve different problems

Systems Programming

- I utilized Bash and C to create various programs and learnt about aspects of IT security

Calculus II

- I advanced my mathematical and critical thinking skills

LCBO Peterborough, Ontario, Canada & Norwood, Ontario, Canada

Customer Service Representative · June 2020 – September 2020 & November 2020 – December 2020

- I engaged with over 30 customers every day, assisting them with any questions they had
- I ran the cash register, effectively resolving every customer issue that arose

iHome Prestige Luxury Millbrook, Ontario, Canada

Remodeling Intern · December 2019

- I drilled a wall frame together with a workmate, demonstrating my ability to learn new skills on the job and work in a team
- I cleaned up the remodeling site to leave the customer's home presentable, showing my attention to detail

American International School of Lusaka Lusaka, Zambia

Vice President of Model United Nations · June 2017 – June 2018

- I lead a debate team of an estimated 25 people who debated on topics I researched and prepared
- I organized event logistics for events consisting of 80 students from local schools

Secretary of the National Honor Society · June 2017 – June 2018

- I organized the money earned from fundraising events and the money spent into a spreadsheet, saving my team members 1 hour a week when creating future budgets
- I worked well together with my team of 8 people to plan activities to assist the members of the community

Education

Trent University

Bachelor of Science, Computer Science and Chemistry – Honours
